

OFFICE OF THE UNIVERSITY PRESIDENT

OFFICE MEMORANDUM

No. PHDR-048-2024

To : **ALL CONCERNED**

Subject : **PROPER SOLID WASTE MANAGEMENT**

Date : **21 FEBRUARY 2024**

1. Please be informed that all faculty, staff, and students must comply with RA 9003 (Ecological Solid Wastes Management Act) on the proper segregation of University wastes into biodegradable, recyclables, residuals, and hazardous wastes.
2. All biodegradable waste must be thrown into the compost pit or composted using EM Technology, vermiculture, or Trichoderma to become organic fertilizers.
3. Each college/department/office/unit may sell all recyclable wastes that they have collected and use the proceeds for their own needs or bring them into the Materials Recovery Facility (MRF).
4. The University shall only collect residual wastes which are properly segregated and packed for temporary storage at the University MRF.
5. All utility workers shall bring all generated residual and recyclable waste into the Materials Recovery Facility (MRF) with corresponding labels (type of waste, name of college/department/office/unit, and name of utility worker).
6. Only the generated office wastes will be brought to the MRF. Garbage In Garbage Out (GIGO) policy must be observed for personal wastes.
7. Residual and recyclable wastes from the faculty village will be hauled by the PPS truck every Friday at 2:00 P.M.
8. Attached is the schedule for the bringing of residual wastes to the MRF per building.
9. Units that generate hazardous waste identified by the Pollution Control Coordinators (PCC) shall be put up in temporary storage containers and safe storage rooms.
10. Please be guided accordingly.
11. Thank you very much.

DR. HERNANDO D. ROBLES, CEO VI
University President

OFFICE OF THE UNIVERSITY PRESIDENT

Continuation of OM No. PHDR-048-2024
